

TENUTE D'ITALIA

Eccellenze Enologiche Italiane

While we are able to appreciate the magnificent artistry of every single, distinct characteristic, what most strikes our senses on tasting this Bianco Rubicone IGP – making an indelible impression on our gustatory memory - is the whole, the overall picture, the wine in its most concrete totality. It is precisely for this reason that to represent Impavido we have chosen a special image, a fantastic animal inspired by classical symbolism and medieval heraldic tradition that can represent this special concept of the whole: singular in all its parts, inimitable in its entirety.
